### North Shore Snow Day Challenge

January 5, 2018

Good morning, Vikings!

Two Snow Days in a row are unusual, but we can leverage the time to build upon our work from yesterday. There is no need to feel cooped up or bored, so set your video games aside and give this one a shot!

### The World is Your Oyster- The Sky is the Limit so Go ahead and Design it Challenge!

#### Part I

Use your legos or any other objects to build, sketch, draw, color or paint a modern building. Skyscraper or sprawling in design, it can be inspired by the Wonder of the World that you worked on yesterday, a totally different one, or you can go completely avant garde and create something new, unusual, or experimental. The choice is totally yours!

#### Part II

Weather conditions permitting, build your design out of snow!

It is very important that you please be sure to make sure your parents say it safe to be outside.

Tweet your photos back to me on Twitter: @PeterGiarrizzo or email them to me at [giarrizzop@northshoreschools.org](mailto:giarrizzop@northshoreschools.org) and I'll retweet them so that our Viking Nation can admire your work.

Deadline: Friday, January 5, 2018 at 6 PM

**Have Fun!!!**
