

NORTH SHORE SCHOOLS STRATEGIC PLAN 2018-2023

North Shore prides itself on providing a world class, transformative education that is student-centered, inquiry-based and aimed at excellence. Using best practices for contemporary learning, we strive to uncover each child's best self to develop leaders who are well-balanced, adaptable, responsible and informed citizens of the world.

We do so through the pursuit of these three goals:

⊕ Teaching and Learning ⊕

Together we will build a contemporary learning environment that inspires and reflects the natural delight and curiosity of our K-12 learners where student voice and ownership of learning are fostered and empowered through individual choice, active engagement, and purposeful challenge.

⊕ Equity for All Learners ⊕

Given that a culture of connection and a sense of belonging are foundations for a healthy school community, we will build a safe environment that emphasizes acceptance, equity, inclusivity, cultural competency, and a respectful, open exchange of ideas for all learners.

⊕ Social-Emotional Learning ⊕

We will enact the development of student's social and emotional well-being by teaching self-awareness, self-management, social awareness, relationship skills and reflective, responsible decision making within a nurturing environment.
